## **In Honor of 10-year old Joe Jones**

Striking out major league all stars is easy compared to what kids with cancer do every day. That's why every time I strike out a player, I'll donate \$50 to find a cure for kids with cancer. Please consider joining my team by making a donation. Together, we can find a cure for my Kick-It All Star Joe Jones and the 12,000 other children diagnosed with cancer every year in the United States. Thanks for Kicking It with me!
